

PASTE 2024

26TH INTERNATIONAL CONFERENCE ON PASTE, THICKENED AND FILTERED TAILINGS
16-18 APRIL 2024 | MELBOURNE, AUSTRALIA

SPONSORSHIP & DISPLAY OPPORTUNITIES

BACKGROUND

This conference is the twenty-sixth in the series of International Conferences on Paste, Thickened and Filtered Tailings (P&TT) initiated by the Australian Centre for Geomechanics (ACG) in 1999, and reflects the developing maturity of P&TT management.

Paste 2024 seeks to explore the considerations needed to raise the mining industry leaders' awareness of how important environmental stewardship, with regard to their tailings facilities, is to long-term industry sustainability.

This conference represents a valuable opportunity for academics, designers, practitioners, consultants and suppliers to discuss best practice, improved methods and technology, all with an emphasis on safety, efficiency and environmental impact.

This conference speaks to a target audience of paste and tailings operators and professionals.

Previous conferences in this series were held in Banff, Canada (2023), Fremantle, Australia (2021) and Santiago, Chile (2020).

PROMOTION

A niche marketing campaign will be run to promote this conference to local and international professionals via:

- Internet marketing — promotion via the Paste conferences website, ACG website and other mining event websites.
- Promotion via social media including dedicated Paste conferences LinkedIn page. Along with the ACG LinkedIn page, there is a combined reach of over 10,000 people.
- Industry association.
- Media support and coverage from reputable industry journals, magazines and newsletters.
- International and local exposure through the activities and support of key industry personnel.
- Regular communication to past ACG Paste conference delegates.
- Promotion at selected ACG and international geotechnical engineering events.
